Forward-Looking Statements

Safe Harbor Statement

This presentation contains forward-looking statements. All statements other than statements of historical facts included in this press release are forward-looking statements. In some cases, forward-looking statements can be identified by words such as "believe," "expect," "anticipate," "plan," "potential," "continue" or similar expressions. Such forward-looking statements include risks and uncertainties, and there are important factors that could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors, risks and uncertainties are discussed in the Company's filings with the Securities and Exchange Commission. Investors should not place any undue reliance on forward-looking statements since they involve known and unknown, uncertainties and other factors which are, in some cases, beyond the Company's control which could, and likely will, materially affect actual results, levels of activity, performance or achievements. Any forward-looking statement reflects the Company's current views with respect to future events and is subject to these and other risks, uncertainties and assumptions relating to operations, results of operations, growth strategy and liquidity. The Company assumes no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

Why Zoned Properties?

01

First-mover Advantage in Regulated Real Estate

Focused on industries where zoning and permitting are the primary barriers to entry. Positioned as a trusted partner for operators, localities, and investors.

02

AI-Powered Real Estate Intelligence

Proprietary PropTech stack streamlines site selection, zoning analysis, and compliance. PropTech database reduces risk, accelerates approvals, and enhances asset valuation.

03

Scalable, Tech-Driven Growth Model

Hybrid strategy: real estate investment portfolio, real estate services & tech-driven solutions. Potential to expand into other highly-regulated industries beyond cannabis.

04

Strong Financial Fundamentals

Long-term, net leases with operating tenants, providing stable cash flows. Expert deal team, creating efficient and effective operating model while reducing overhead.

Harnessing AI for Real Estate Innovation

Zoned Properties has successfully leveraged its proprietary **REZONE** platform to streamline complex real estate decision-making within the regulated cannabis sector. REZONE is an **AI-powered platform** that revolutionizes zoning and land-use analysis
